

DEATH CAFE

FOURTH MONDAY OF EVERY MONTH
6:00 - 7:30 P.M.
1304 PACIFIC STREET, SLO

Join the conversation... Death Cafes are offered all over the world, providing individuals the opportunity to talk openly about dying and death. These casual gatherings aim to "increase awareness of death while helping people make the most of their (finite) lives."

We invite community members to join a relaxed, non-judgmental group discussion about topics related to the inevitability of death. There is no intention of leading participants to any particular conclusion, product or course of action.
